HOW IT WORKS

1	Initiation	Member contacts call center toll free at 888-899-1447
2	Registration and Referral	Hearing Counselor registers member and issues referral to local participating provider
3	Payment Processing	After patient is seen, provider sends hearing aid recommendation with patient's audiometric results to GHS. GHS will contact patient to discuss recommendation; insurance coverage; and any applicable out-of-pocket expense with payment and financing options.
4	Fitting & Trial Period	The hearing aid(s) are ordered by the provider. The patient is fit with the hearing aid(s) beginning their 45 day trial period.
5	Finalization	At the completion of the 45 day trial period both the patient and the provider sign off on the hearing aid(s). The patient is then mailed a complimentary one year supply of batteries and his/her repair warranty is extended to 3 years.
